READ BEFORE YOU SIGN (credit card holder must sign)

The purpose of this agreement is to be sure that you know and understand how the service operates and nothing is omitted but you MUST read and initial each paragraph. Our goal is FULL DISCLOSURE and understanding for your benefit. This document will not work with Internet Explorer.

Retirement Prospects Service Agreement & Guarantee

There is a one-time non-refundable registration fee of \$299 so that prospects who meet your criteria are assigned to you exclusively for the prospect types you have selected. For each prospect match, the charge is \$32

Our Guarantees:

While we do not have details about net worth, investment motivation, or age of each prospect, we advertise to secure mature prospects that most advisors would find to be desirable investors and insurance buyers. You acknowledge that some prospects will be more desirable than others and some will be more motivated than others. Retirement Prospects CANNOT guarantee that prospects provided will result in sales, new clients, or any other desired outcome.

Retirement Prospects GUARANTEES that every prospect will have a valid name, working phone number, and deliverable postal address or we will provide a replacement. To obtain a replacement prospect, which is also covered under the SAME guarantee, you must notify us within 30 days of receiving a prospect that does not meet the above guarantee. You must use the online credit request system to make your replacement requests. Any credit request containing false information or abuse of the credit request process results in immediate

cancellation of your account without refund or credit.

You agree that all prospects for which you do not request replacement do in fact meet the guarantee and that all prospects meeting the guarantee are satisfactory. You further acknowledge that receipt of each prospect into your Retirement Prospects account constitutes "use" of said prospect. Cash refunds are not granted for any reason as we must pay for your ads in advance, and you must have an active account to receive credits. For undeliverable postal addresses, Client Services requires proof of returned mail via fax or scan.

Account Management:

This is a continuous, self-managing, real-time service. It is not designed to stop and start and Retirement Prospects is unable to stop your prospects or change anything about your prospects other than the 1st and 3rd Thursday of each month. You manage your account online, including your radius, zip codes, prospect types, and cancellation of service. Initial here

You are SOLELY responsible for controlling your prospect flow by managing these parameters as explained in your back office: central zip code, prospect types and radius. Retirement Prospects CANNOT CONTROL YOUR PROSPECT FLOW - YOU AGREE THAT YOU WILL BE RESPONSIBLE FOR THAT. initial here

YOUR INSTRUCTIONS TO US ARE VERY IMPORTANT, we will rely only on your written instructions AND WE DO NOT TAKE INSTRUCTIONS VERBALLY ON THE PHONE. We rely on items that you have initialed and signed. You agree to manage your account using the software controls in your back office or to create a support ticket at https://retirementprospects.com/help and that calls or emails to your business growth advisor will not be used as instructions. Initial here

At least one generic and one elective prospect type is required to maintain your account. You acknowledge that email notifications and text messages are provided as a courtesy and that Retirement Prospects is not responsible for email or text notifications not delivered for any reason. Therefore, you agree to regularly check your online account, accessible 24 hours a day, for new postings. We encourage you to check your account daily at https://www.retirementprospects.com/app/login.

You also agree that any authorized user of your Retirement Prospects account (e.g. your assistant, partner, etc) understands and has read the terms and conditions of this agreement in full, and will review the training videos and learn to effectively manage the account on your behalf. Initial here

Pause and Cancellation Policy:

You must cancel your account by clicking the "cancel" link found under "My Account" in your Back Office. Because Retirement Prospects buys and prepays for your advertising two weeks in advance, you can cancel the 1st and 3rd Thursday of the month only. You agree to pay for prospects until the upcoming 1st or 3rd Thursday when your cancellation will take effect. There are no refunds for any remaining prepaid prospects. Inital here

Document ID: 211ce097b1acdc535117695b419f9814be112661

Signed On: https://retirementprospects.com/

You may pause your account for up to 30 cumulative days every 12 months. The pause feature is available 30 days after your account has been activated. After you select a pause to your account, it will be effective on the upcoming Thursday at 9pm Pacific. Inital here

You pause by clicking the "pause" link found under "My Account" in the Back Office. You CANNOT cancel or pause your account by emailing or contacting us; you initiate both features from your Back Office. Initial here

Billing Policy:

Upon registration and activation, you are charged \$299 plus a prepayment for your next 20 prospects. There is no long-term commitment as you may cancel your account the 1st and 3rd Thursday of any month. Initial here

We will replenish your account balance each time it reaches \$0 by automatically charging the credit card you have authorized us to charge. Initial here

The account replenishment amount will be for the next 10 prospects, using your stored credentials. This is a recurring transaction for every 10 prospects until you cancel your account. Of course, you can cancel the 1st and 3rd Thursday of any month and there will be no charges thereafter and you can pause your account as explained above. Initial Here

Our Service:

We post the prospects to your online account and email you a courtesy notification within five minutes of their request for information.

In the unlikely event we have more than 5 prospects matching your criteria in a single day, no more than 5 will be placed in your account unless you opt to receive more. Any excess will be assigned the following day(s). We reserve the right to eliminate zip codes from your radius if excessive prospects are received.

Initial here	
--------------	--

If you receive <u>more than</u> 5 prospects in 5 days and want fewer prospects, you can immediately reduce your radius in your back office if your radius is already at 10 miles or less. It is your responsibility to make this change as only you control your prospect flow. Initial here

Therefore, we advise you to start your account with a 10-mile radius so that you have maximum control over your prospect flow. If you do not take this advice, you understand that you may get more prospects than you desire and you accept that (capped at 5 new prospects per day maximum). Initial here

The Retirement Prospects system is automated to the fullest extent possible to keep the price as low as possible. The entire system is documented in your back office to answer every question you may have.

IF YOU NEED ASSISTANCE AT ANY TIME

But if you need assistance, create a support ticket in your back office or https://retirementprospects.com/help, and assistance will be provided by email.

You agree that any other method to get support is not supported and you agree to use only the support ticket system at https://retirementprospects.com/help. There is no phone support in order to keep the price as low as possible. [initial here]
Retirement Prospects reserves the right to administratively suspend or cancel service at any time for any reason and refund any prepaid prospects. Initial here
Technical Issues:
Radius settings are not exact as we cannot control the way advertising platforms (Facebook, Google, Bing) identify the location of prospects. You will receive some prospects outside of the selected radius. When you start your account, we limit your radius to a population of 300,000. The purpose is to prevent you from being inundated with too many prospects too quickly. You may increase your radius after you receive 50 prospects. All times in company communication and documentation are based on Pacific time. Initial here
Compliance:
Your participation in this service does not require compliance approval and refunds for compliance issues are not granted. If you plan to use the materials we supply to respond to these prospects, you should make sure that your compliance department has approved their use before you use them. We supply the source file of our booklets and you may make any changes that your compliance department requires.
However, you do not need to use our materials to fulfill these requests, and you should use your firm's materials if your compliance department typically declines use of outside materials. Initial here
Policy / System Changes:
Retirement Prospects reserves the right to make changes to policy, pricing, or system features at any time. Notice will be delivered via email to the address we have on file no less than 15 days before the change occurs. Notice will also be posted in your back office account which you have agreed above to check regularly. Continued use of your account after 15 days written notice of any change constitutes its acceptance and will be considered binding under terms of this agreement. Initial here Check desired prospect types here:
Select at least one of these:
□ Retirees □ Pre-Retirees
Select one or more of these:
 □ Annuity Owners □ Annuity Prospects □ Social Security Maximization

**You (subscriber) acknowledge that Retirement Prospects does not provide legal advice and it is your responsibility to comply with all federal and state regulations regarding the conduct of your business. You indemnify, defend and hold Retirement Prospects, its parent company and/or subsidiaries harmless, as well as its officers, agents, employees and owners from and against all claims, demands, actions, liabilities, losses and expenses, damages or costs, including reasonable attorneys fees, that may at any time be incurred by any of them by reason of any claims, suits, proceedings, losses or actions that arise from or result directly or indirectly from the services provided under this agreement. If any provision of this agreement is deemed unenforceable, all remaining provisions shall remain in full force and effect. Any action arising out of this agreement shall be interpreted under the laws of the State of California and shall be adjudicated in Contra Costa County, State of CA. Should any claim arising out of this contract result in an action for damages, the sole amount of damages available to the subscriber shall be no more than the amount subscriber ultimately paid for prospects by means of this contract. Should Retirement Prospects need to resort to collection services to collect unpaid amounts, legally permitted collection fees and interest will be added to the unpaid amount. Should Retirement Prospects not be able to charge your card automatically when amounts are due, you agree to supply a new credit card number and pay an additional \$25 charge for manual processing. You also acknowledge that you will be responsible to pay for prospects purchased on your behalf while suspended due to billing failure.
